

Edinburgh Stag & Hen Weekends

Parachuting

Jump for your life, but don't forget your parachute!

Are you ready go parachuting? Do you have what it takes to jump out of a perfectly safe and sound aircraft? Yes?! Then what are you waiting for Parachuting is the activity for you!

Face your fears and reclaim you birth-right! That's right, reclaim your right to live, as you hurtle towards Earth at speeds over 100mph! Nothing can prepare you for the flow of adrenaline that will accompany you before, during and after you free fall! Natural high? You don't know the half of it!

Parachuting is one of those life changing experiences that far too few people ever get to experience. Make sure you're one of those who do! Make your stag/hen party something to remember!

Free yourself, face your fears, invigorate your life!
