Take to the range and try your hand at the Olympic sport of Target Shooting. A true test of concentration Target Shooting is all about the control of your senses, as adrenaline pumps heavily with each shot fired.

Take aim and see if you've got what it takes to operate a rifle successfully with all the noise and distractions of a shooting range. Target Shooting is a marvellous way to take your mind off life while at the same time feeling the exhilaration that life can bring!

Take aim, feel your body shimmer in the excitement of anticipation and fire!
